FOREWORD

The MGDS views education as a catalyst for; Social economic development, Industrial Growth and instrument for empowering the poor, the weak and the voiceless, enhancement of group solidarity, national consciousness and tolerance of diversity, facilitates development of culture of peace conducive and critical for social-economic, political and industrial development. **Hence education has translated this view in terms of the following three main goals in the Ministry of Education as outlined in the National Education Sector Plan of the Ministry of Education Science & Technology:**

- ❖ Expand equitable access to education to enable all to benefit
- ❖ Improve Quality and Relevance of education to reduce dropout and repetition and promote effective learning
- ❖ Improve governance and management of the system to enable more effective and efficient delivery of services.

For purposes of monitoring and evaluating activities and initiatives being implemented towards achieving the above stipulated vision and goals and for purposes of planning and policy formulation, EMIS collects, compiles, analyzes, publishes and disseminates education statistics.

The importance of education statistics cannot be over-emphasized as it provides a basis for Evidence – based policy formulation and Result – based decision making. The Education Statistics booklet is an annual publication of the Ministry of Education Science and Technology. It contains information on various aspects of formal education system Primary, Secondary, Technical and Vocational colleges and higher education for each academic year.

The booklet is divided into four parts as namely;

- ❖ Section One – Basic Indicators and Comparison of data
- ❖ Section Two – Primary Education
- ❖ Section Three – Secondary Education
- ❖ Section Four – Technical & Vocational and University

Finally, I would like to thank the United States Agency for International Development (USAID) for its technical and financial assistance and all those who played a role in production of the booklet.

Antony Livunza
Secretary for Education Science & Technology

Structure of Education System in Malawi

Important Notes

Data in all tables, unless otherwise stated refer to the 2007 academic year. Table numbers are sub-grouped under corresponding sections. Charts are sequenced in a continuous ascending order throughout the publication.

1. Population

1.1 For the purpose of this current issue, the population estimate is 11,937,934(NSO 2007 population projections) and annual population growth estimate at 3.32%.

1.2 Average population density: 105/sq. km

1.3 Adult literacy rates: Malawi = 60.9;

Urban =90.5;

Rural = 58.7

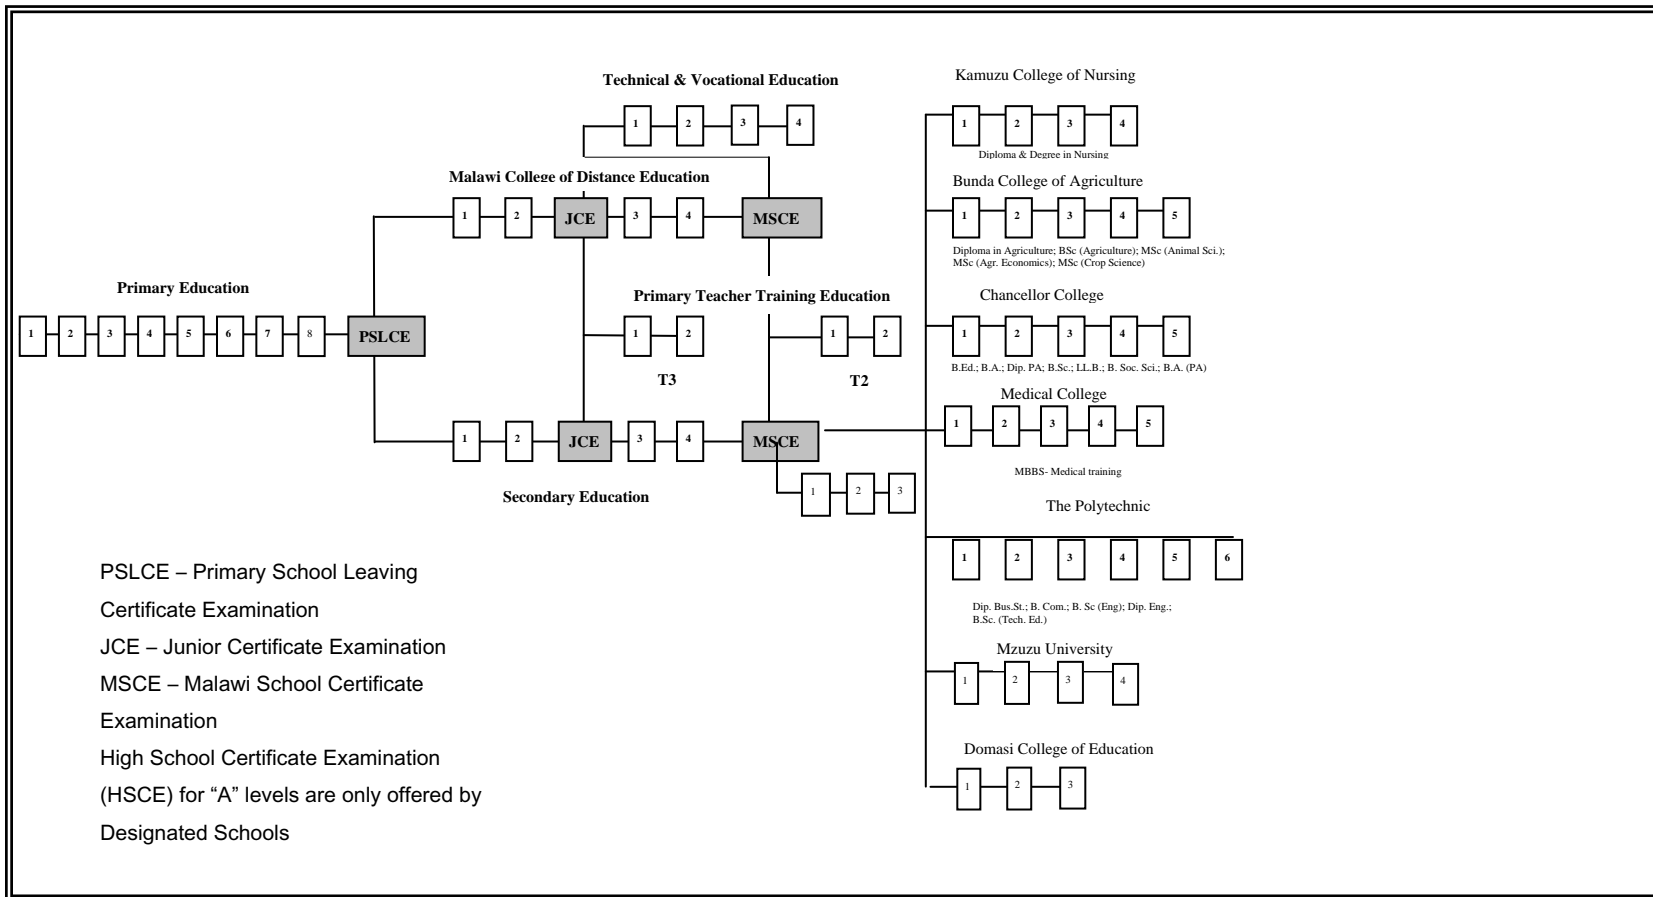

1.4 Total school-age population by school level (NSO 2007 projections estimates)

School Level	Age group	Both sex	Male	Percentage	Female	Percentage
Primary	6-13	2857643	1415656	49.54%	1441987	50.46%
Secondary	14-17	1,193,326	563,465	47.22%	629,861	52.78%

2. Area of the country: approximately 118,000 sq. km

3. School System: See Figure 1 on page 3

Figure: 1 The Structure of the Education System in Malawi

Section I

**Basic Indicators and
Comparison of data**

Table 1.1 - Enrolment for all levels of education 1964-2007

2007	53.6	50.7	51.8	34.9	26.1	30.2

This is the proportion of a cohort of pupils who reached each successive standard expressed as percentage of pupils enrolled in the first standard of a given cycle in a given school year. This indicator is used to show the extent to which the school system can retain pupils, with or without repetition, and it measures the magnitude of the dropouts.
