FOREWORD

The Education Statistics Bulletin is an annual publication of the Ministry of Education, Science and Technology (MoEST). It contains information on primary, secondary, teacher training, technical and vocational, and higher education from Malawian institutions for each academic year. The purpose of the bulletin is to provide a basis for evidence based policy formulation and decision-making. It also provides a basis for research, monitoring and evaluation of the education system.

This bulletin is divided into five parts

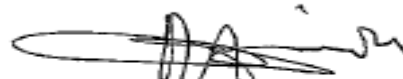

- Section I – Basic Indicators and Comparison of Data
- Section II – Primary Education
- Section III – Secondary Education
- Section IV – Tertiary and Higher Education
- Section V – Education Budget and Financing

The Education Statistics Bulletin is an important activity of the Education Management Information System (EMIS) of the Directorate of Education Planning of this Ministry because it provides us with an opportunity to analyze the extent to which the National Education Sector Plan (NESP) (2008-2017) is being realized. Likewise, it provides us with a basis for assessing the alignment of educational goals and their achievements against the Malawi Growth and Development Strategy (MGDS).

The following three main goals from the National Education Sector Plan should be taken into account when going through this bulletin:

- Expansion of equitable access to education, to enable all to benefit
- Improvement of quality and relevance of education, to reduce drop-out and repetition, and to promote effective learning
- Improvement of governance and management of the system, to enable more effective and efficient delivery of services

Finally, I would like to thank all those who contributed to the production of this booklet.

M. P. Magwira, PhD

SECRETARY FOR EDUCATION, SCIENCE AND TECHNOLOGY

Structure of Education System

In general, basic education has three main components: early childhood development (ECD), adult literacy including out of school youth literacy (AL) and primary education (PE). In Malawi however, basic education is synonymous with Primary Education, ECD is thought of as infant care and support, adult literacy and out of school youth is non-formal education, and PE is part of the formal education system, which in Malawi is a direct responsibility of the Ministry of Education Science and Technology

The formal education system in Malawi follows an 8–4–4 structure: 8 years of primary, 4 years of secondary and typically 4 years of university level education. At the end of primary, pupils take the Primary School Leaving Certificate Examination (PSLCE), which determines their eligibility for entry into secondary school. Public secondary students attend either Community Day Secondary Schools (CDSSs) (previously MCDE), or Conventional Secondary Schools (CSSs). At the end of two years of secondary, pupils take the national Junior Certificate of Secondary Education (JCE), which is followed by the Malawi School Certificate Examination (MSCE) two years later.

Tertiary education is provided by an array of education institutions including primary and secondary teacher training colleges, technical and vocational training schools, and university colleges. For university entrance and for the secondary teacher training college (Domasi), an MSCE certificate is required. For primary teacher training the policy is to take MSCE graduates, but those who passed the JCE can also be accepted. Technical and vocational training can start either after JCE or MSCE.

Primary education, preschool education and non-formal education initiatives such as adult literacy fall in the category of basic education, with the purpose to equip people with basic knowledge and skills to allow them to function as competent and productive citizens in a free society. Primary and secondary education is administered by

the MOEST through its headquarters, the six education divisions and 34 district education offices. University level education is sub-vented by government, and university institutions are autonomous.

Primary, secondary, teacher, tertiary and higher education levels are under the authority of the Ministry of Education Science and Technology. However, early childhood development and non formal education are under the authority of other Ministries including the Women and Child Development and Ministry of Sports and Youth Development, which are not shown here in the bulletin.

Important Notes on the data

Data in all tables, unless otherwise stated refer to the 2012/13 academic year. Table numbers are sub-grouped under corresponding sections.

1. Population

- 1.1 For the purpose of this current issue, the 2013 population projections are based on 2008 population census. We have presented them in a comparative scenario for years 2008 to 2013 based on the two population projection periods.
- 1.2 Average population density: 105/sq. km
- 1.3 Adult literacy rates: Malawi = 63; Urban = 84.7; Rural = 15.3
- 1.4 Total school-age population by school level (NSO projection estimates for 2013)

2. Area of the country: approximately 118,000 sq. km

3. Some Important Indicator calculation

Net Enrolment Rate: Enrolment of the official age group for a given level of education expressed as a percentage of the corresponding population. This rate shows the extent of coverage in a given level of children and youth belonging to the official age group

Gross Enrolment Rate: Total enrolment in a specific level of education, regardless of age, expressed as a percentage of the eligible official school-age population corresponding to the same level of education in a given school year. This rate shows the general level of participation in a given level of education. It indicates the capacity

of the education system to enroll students of a particular age group.

Survival rate: A percentage of a cohort of pupils enrolled in the first grade of a given level or cycle of education in a given cycle of education in a given school year who are expected to reach successive grades. It measures the retention capacity and internal efficiency of an education system. It illustrates the situation regarding retention of pupils from grade to grade and conversely the magnitude of dropout by grade.

Promotion rate: The proportion of pupils from a cohort enrolled in a given school year who studies in the next grade in the following school year. This measures the performance of the education system in promoting pupils from a cohort from grade to grade, and its effect on the internal efficiency of educational system.

Repetition rate: The proportion of pupils from a cohort enrolled in a given grade at a given school year who studies in the same grade in the following year.

Dropout rate: The proportion of pupils from a cohort enrolled in a given year who are no longer enrolled in the following school year. This measures the phenomenon of pupils from a cohort leaving school without completion. This is calculated from subtracting the sum of promotion rate and repetition rate from 100 in a given school year.

Completion rate: The ratio of the total number of students successfully completing (or graduating from) the last year of primary school in a given year to the total number of children of official graduation age in the population.

Transition Rates: The proportion of pupils (totals, males and females) in the last grade in of primary who are promoted to the first grade of secondary school.

Section I

Basic Indicators and Comparison of data

Table 1.1: Enrolment for all levels of education in Malawi, 1994 - 2013

Year	Primary	Secondary	MCDE	TTC	Tech./Voc	University
1993/94	1,895,423	46,444	42,308	3,624	1,007	3,684
1994/95	2,860,819	48,360	57,481	3,085	1,080	3,601

2002	3,164,191	45,989	93,767	12,522	1,689	4,565
2003	3,112,513	54,492	76,258	12,129	1,756	4,745
2004	3,166,786	180,157	*	*	*	*
2005	3,200,646	183,854	*	2,831	*	*
2006	3,280,714	218,310	*	2,807	*	*
2007	3,306,926	210,325	*	3,954	*	*
2008	3,600,771	233,573	*	3,794	1,388	7,972
2009	3,671,481	243,838	*	4,090	1,705	---
2009/2010	3,868,643	240,918	*	8,569	4,477	9,436
2010/2011	4,034,220	256,343	*	10,993	6,105	12,203
2011/2012	4,188,677	260,081	*	12,839	8,356	*
2012/2013	4,497,541	307,216	*	*	*	*

* No data available: MCDE was intergrated into secondary as a result of change to community day secondary school. TTC, TVT and University data is available these years due to non response.

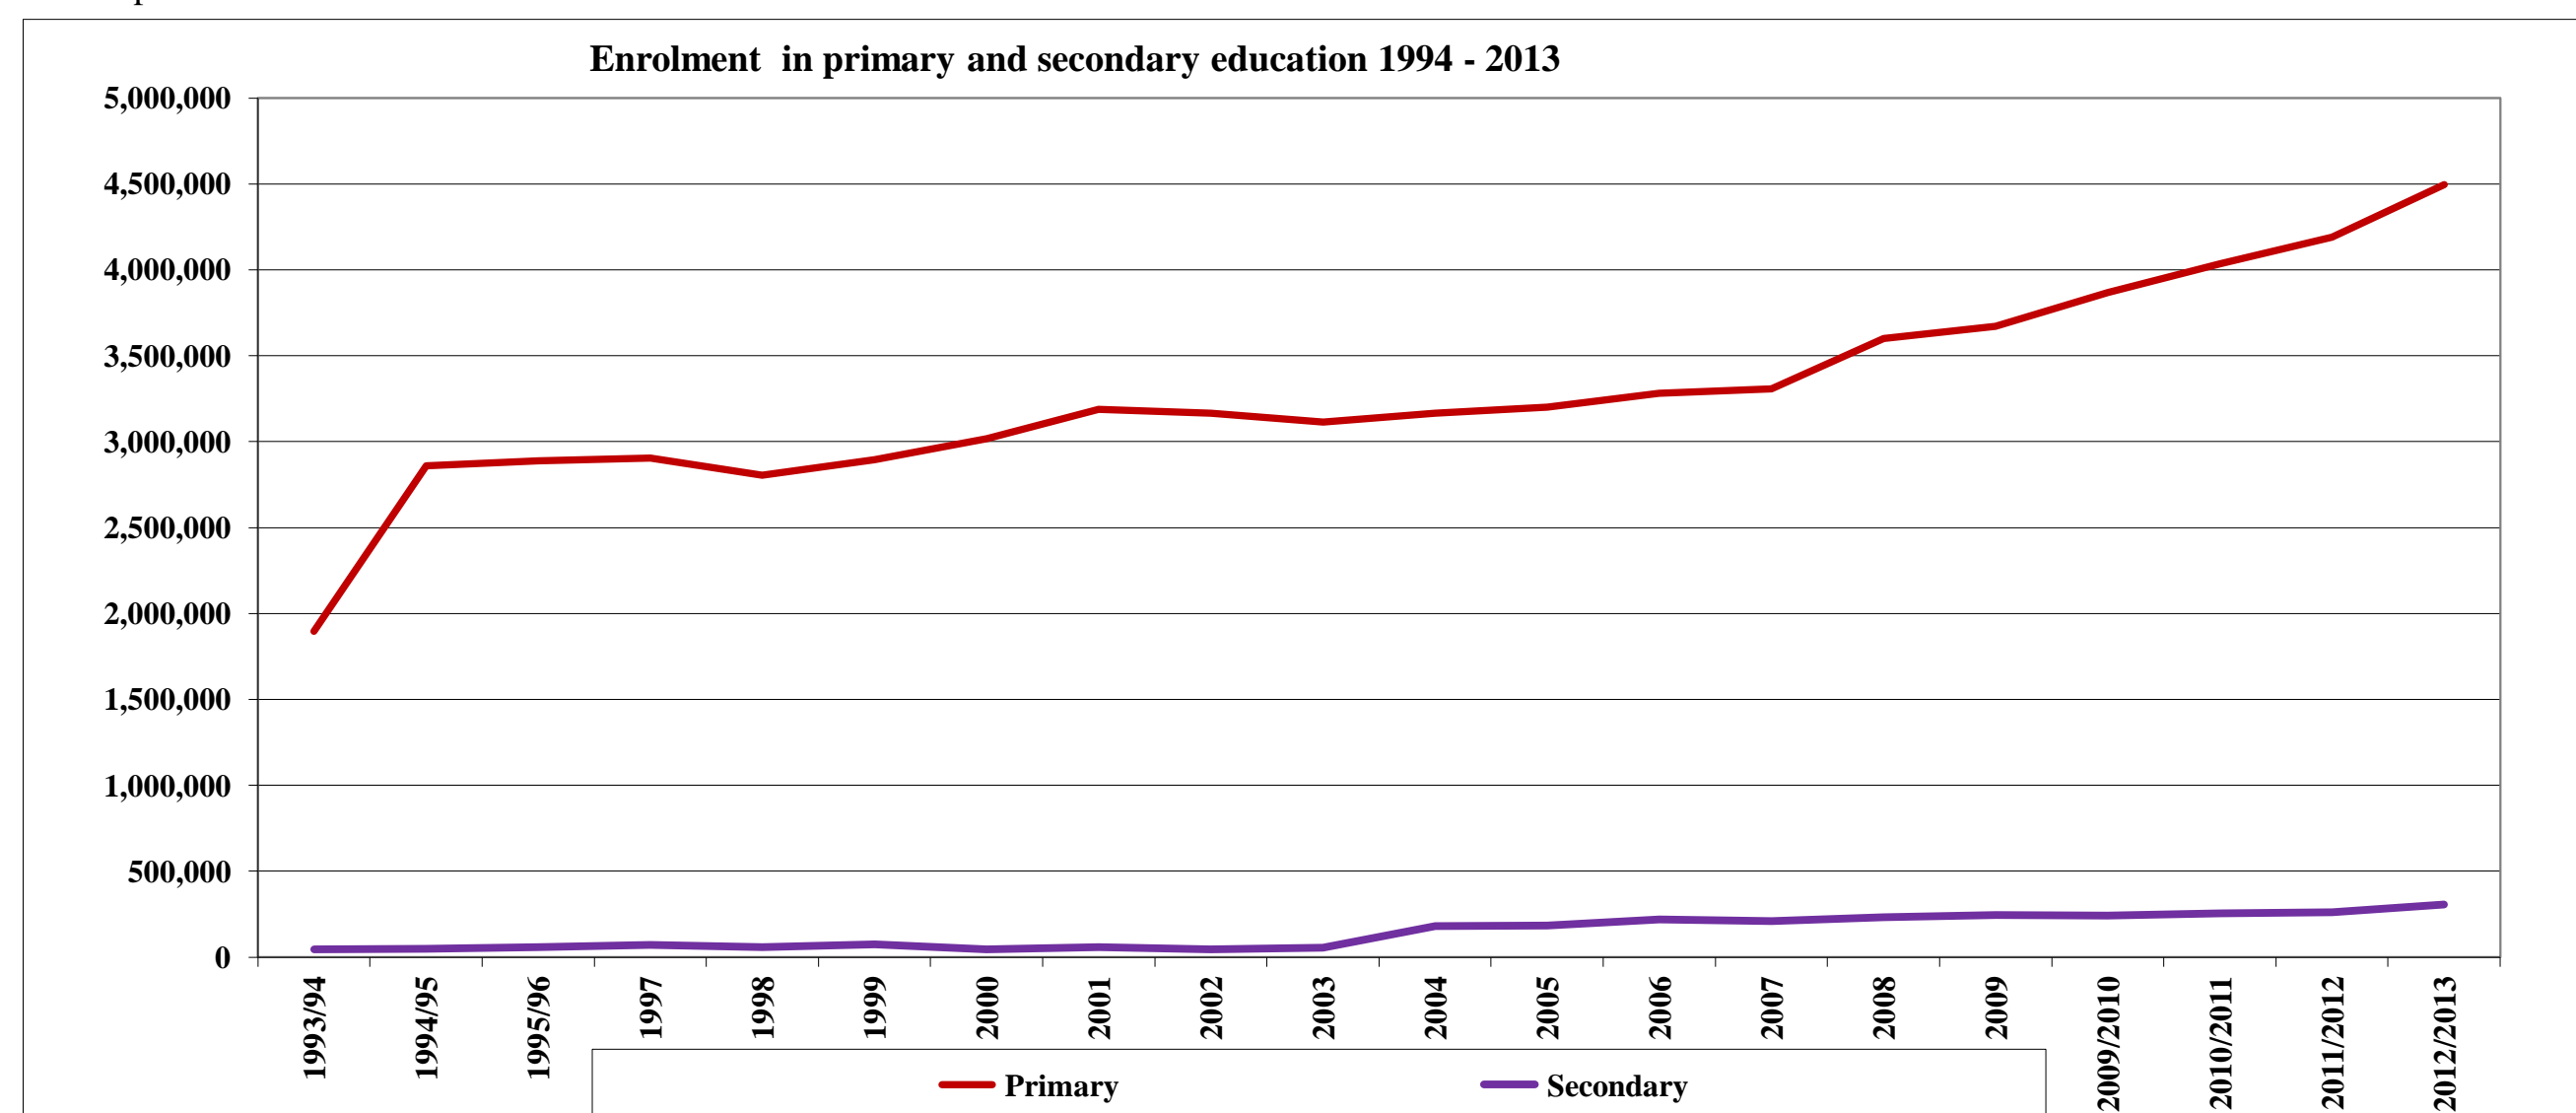

Table 1.2: Primary School Gross Enrolment Rates in Malawi, 2012/2013

Years	Population 6-13 years			Enrolment std 1-8			GER*		
	Boys	Girls	Total	Boys	Girls	Total	Boys	Girls	Total
2009	1,472,933	1,526,166	2,999,099	1,829,464	1,842,017	3,671,481	124	121	122
2010	1,524,438	1,575,775	3,100,213	1,925,719	1,942,924	3,868,643	126	123	125
2011	1,575,847	1,624,714	3,200,561	2,000,509	2,033,711	4,034,220	127	125	126
2012	1,625,803	1,672,209	3,298,012	2,088,792	2,099,885	4,188,677	128	126	127
2013	1,671,325	1,719,031	3,390,356	2,247,189	2,250,352	4,497,541	134	131	133

Note: * Over 100% GER is due to the enrollment of under-aged and over-aged children in respective classes

Table 1.3: Primary School Net Enrolment Rates in Malawi, 2012/13

Year	Population aged 6 years			New entrants aged 6 years			NER		
	Boys	Girls	Total	Boys	Girls	Total	Boys	Girls	Total
2009	1,472,933	1,526,166	2,999,099	1,544,972	1,605,750	3,150,722	105	105	105
2010	1,524,438	1,575,775	3,100,213	1,657,307	1,713,982	3,371,289	109	109	109
2011	1,575,847	1,624,714	3,200,561	1,718,757	1,793,484	3,512,241	109	110	110
2012	1,625,803	1,672,209	3,298,012	1,816,467	1,868,566	3,685,033	112	112	112
2013	1,671,325	1,719,031	3,390,356	1,853,896	1,900,974	3,754,871	111	111	111

Note: A high NER denotes a high degree of coverage for the official school age population and the theoretical maximum value is 100%. In case of Malawi there is no universal registration of births, hence age statistics are obtained from verbal responses which makes the age data unreliable.

School census does not limit children who are immigrants or those that leave in the borders of our country and access education from here. However when conducting national household census, these are not part of the population but during school census all learners are included regardless of where they are coming from.

Population projections Based on 2008 Population Census

Table 1.4: National Net Intake Rates

Year	Population aged 6 years			New entrants aged 6 years			NIR

This is the proportion of cohort of pupils who reached each successive standard expressed as percentage of pupils enrolled in the first standard of a given cycle in a given school year. This indicator is used to show the extent to which the school system can retain pupils, with or without repetition and it measures the magnitude of the dropouts
